Open more doors

Get the insights to stand out in an ever-evolving digital economy.

Work for big brands

Go on to work for global companies like Amazon, L'Oréal, McCann, and more.

Connect worldwide

Become part of the 154k-strong Brunel alumni community.

Support at every step

Tap into career guidance and digital tools that help you thrive from day one.

Invest in your big step

Start dates

Pick a start date that fits your schedule. Apply on a rolling basis for upcoming **January, May, or September** intakes.

Location

Your learning is entirely online through our virtual learning environment, powered by Canvas.

Duration

Choose full-time or part-time study and finish in one or two years.

Fees

The total cost for this degree is **£11,520**.

You may be eligible for a Brunel scholarship or payment plan. Book a call and we'll confirm.

Your next project starts here

Empowered teams drive business growth, but along the way they'll need a professional who can lead and support project delivery. Gain the skills to get projects done with Brunel's online MSc Project Management. Blending key project management concepts with business intelligence and digital innovation, this fully online degree prepares you for a career in project management in a tech-focused world. As one of the first degrees in the UK to integrate artificial intelligence and data analytics into project management education, you'll explore industry-relevant methodologies such as PRINCE2, Agile and PMI frameworks alongside emerging technologies, leaving you ready to stand out as a data-driven project leader.

This online degree is accredited by the Association for Project Management (APM), meaning it meets industry standards and can support your pathway towards professional project management qualifications.

We take flexible study seriously

When life gets busy, your Brunel studies move with you. While there are a few key dates to remember, the pace is yours to set. Here's an example of what your timeline would look like for the upcoming intake.

1

Secure your spot

Get your application in before the window closes. We recommend you submit a few weeks in advance for ample processing time.

3

Teaching begins

Access your first modules through our virtual learning environment, Canvas.

5

Dissertation

Dedicate your time to your dissertation and any remaining coursework.

2

Induction week

Kick off your studies with Induction Week. It's your chance to get set up and feel ready to begin.

4

Module learning

Build your foundational knowledge by working through your core and elective modules.

6

Congrats, grad!

Put your diploma to work and land your next big job. Feel supported by our career services team and utilise FutureLearn's helpful career guides.

Core business modules

Project Management Tools and Techniques

Master the industry-relevant tools and techniques you'll use to plan, manage and deliver successful projects.

Project Consultancy and Risk Management

Develop your understanding of risk management processes as you learn to apply project management principles to real-world contexts.

Operations and Project Management

Explore the relationship between project delivery and business performance, and gain the skills to contribute to organisational success.

Understanding Business & Management Research

Turn research into action as you learn to interpret data, evaluate findings, and solve business challenges with confidence.

Dissertation

Demonstrate the knowledge and skills you've gained on this degree programme through a dissertation.

Core modules cover key concepts, theories, and practical applications central to your subject area, challenging you to think critically and apply your learning in real time.

Elective business modules

Strategic Management

Think strategically and act decisively as you learn to shape resilient plans that help organisations thrive in a complex world.

Business Intelligence (BI)

Discover how data becomes decisions with the tools and techniques that power business intelligence and strategic thinking.

International Business Ethics & Corporate Governance

Master ethical leadership across cultures as you examine sustainability, governance, and responsible decision-making in global business.

Digital Innovation & Technology Management

Understand how digital innovation drives strategy and develop skills to navigate data, automation, and cybersecurity in today's business landscape.

Elective modules let you specialise your skill set further in an area of your interest. For this degree, you'll select two optional modules.

Learning that looks different

We know your time is valuable, so we make learning flexible and engaging. You'll connect theory with real-world skills through interactive tools and practical tasks that fit around your life and help you reach your goals.

Focused content

Each module gives you a clear framework to grasp core concepts, understand business activities, and see how everything fits together.

Practical assessments

From essays to summative exams, you'll apply what you've learned through practical tasks that reflect real business challenges.

Interactive workshops

In small, interactive sessions, you'll test ideas and develop practical skills with the support of the Brunel online community.

Online tools

Online slides, exercises, and discussion boards help you stay engaged and supported throughout each module.

Curated reading lists

You'll have access to curated core and recommended texts that support your studies and help you explore topics in greater depth.

Capstone project

A final dissertation brings everything together and allows you to explore a topic that matters to you.

Build a better CV with in-demand business skills

Project management skills

Critically evaluate the theories, concepts and ethical challenges shaping project management today.

Analytical skills

Make strategic, data-driven decisions to drive positive change in evolving business environments.

Digital skills

Harness industry-relevant tools and digital platforms to enhance efficiency and improve the entire project life cycle.

Research skills

Learn from current research methods and lead original research projects to optimise project outcomes.

Leadership skills

Tackle sustainability concerns and ethical dilemmas in project management using ethical leadership principles.

Professional skills

Understand how industry standards, frameworks and policies influence modern project management practices.

Make your next step the easiest one yet

Start by completing our online application form and uploading your supporting documents. Once submitted, our admissions team will review your application and keep you updated throughout the process.

Academic requirements

A 2:2 UK Honours degree or an internationally recognised equivalent is required. Experienced professionals with a minimum formal qualification are welcome to apply through Brunel's non-standard entry route.

Language requirements

International students may be required to submit proof of English proficiency through one of the following methods:

- IELTS: 6.5 overall (minimum 6 in all areas)
- Pearson (PTE): 59 overall (59 in all subscores)
- BrunELT: 63% overall (minimum 58% in all areas)
- TOEFL: 5 (min 4.5 in all subscores)

See the full list of approved tests [here](#).

Application requirements

When you apply, you'll need to provide a copy of your degree transcript and/or certificate (for international students, a transcript is highly recommended), along with a personal statement.

Please note that additional documents may be required to complete your application.

**Apply quickly and easily
through our online portal.**

MSc Project Management Online

In-demand skills for stronger stakeholder management.
